

Hi! I'M MRS. EBLING!

(Same teacher, different name!!)

Teaching is an absolute passion of mine. I am so excited to work with you and your child. It's going to be a year full of fun, learning, and lots of adventures. I can't wait to see what the year has in store for us! Although this year is going to be different in many ways, we will make the best of it and make the most out of it!

I think it is very important to work together as a classroom family. We will be spending a lot of time together over the next year. I want you to feel comfortable talking to me about any concerns or questions you may have pertaining to your son/daughter's academic, medical, and social needs.

Want to know a little about me? When I'm not grading papers or planning lessons, you can find me on my bicycle or reading a good book. I also love to soak up all the family time I can get with my husband, Jeremy. We are expecting the arrival of our first son in October, so we are busy preparing for him to join our family! I grew up in a small town called Horseheads, NY until I moved to Rochester, NY to complete my undergraduate degree in Special Education. The next part of my journey brought me to Buffalo, where I obtained my Master's degree in education. This is my 10th year teaching students with special needs.

I look forward to a year filled with open communication and collaboration to help your child succeed. Feel free to contact me with any question or concerns!
