Dear Holland Community,

It is with great pleasure that I write this letter to you as the new principal of Holland High School. I am honored to become a part of the Holland School District community. Over the past week, I have met a lot of remarkable faculty and staff and cannot wait to meet more of the community. From what I have encountered so far, this is truly a special place to become part of and I am grateful for this opportunity to work alongside everyone.

I come to Holland High School with 12 years of experience in education as well as from a family of educators. I spent ten years teaching science at the secondary level and three years teaching college level biology lab at Canisius College. Prior to Holland High School, I most recently served as the interim Elementary Principal at Alexander Elementary for the 2020-21 school year and Assistant Principal at Alexander Middle/High School for the 2019-2020 school year. My wife and I just celebrated the birth of our daughter, Lucy, on July 20th. She joins her brother, Will (18 months) and our two year old black lab, Gus.

Over the next few weeks, I plan on working with faculty and staff here at HCS to ensure a smooth transition. I will continue to familiarize myself with the unique needs of our school. In doing so, you will find me in the hallways, visiting classrooms, and staying involved in community events. I believe that building strong relationships with students, teachers, and families is a major aspect of school success. I will be working with teachers to make sure our students are exposed to curriculum and instruction that is both engaging and challenging that align with our district goals. I am honored to be given this opportunity and look forward to immersing myself completely in our school and in our community. Please do not hesitate to contact me with any questions, concerns, or ideas you would like to share.

Sincerely,

Jason D. Jacobs
High School Principal
